

The revelation is here: the long awaited debut album of CHRYST will be released on 21st September 2011. What ended with KOROVAKILL ten years ago will finally find its very beginning...

"PhantasmaChronica" is 1 song in the length of 47 minutes. The concept album will be released as exclusive Digipak with a 10 page leporello booklet.

A variety of merchandize treasures for the rising CHRYST ARMY joins them: T-Shirts, posters, postcards, buttons, stickers and several special bundles wait to bring glee and pleasure upon you.

All CD preorders until 21st September get a special present:

- you get the digital download version for free
- you get a handsigned dedication on your CD
- you get a special surprise

Check the brandnew [CHRYST WEBSITE](#) for a large insight into the concept and lyrics of "PhantasmaChronica" as well as several audio samples of the new album.
